COLLEGE

*l Junior College of
l Practical Arts
the Western North Carolina
The Methodist Church*

College to develop in students a
physical world, with due apprecia-
and philosophy, and to develop a
e of the spiritual realm, with an
nd the arts.

For proper orientation to the physical world, the college offers studies in science and mathematics, and guidance in vocational and professional preparation. For the development of spiritual life, the college offers a fine range of liberal arts studies, including art and music as well as religion, literature and history.

Brevard College, committed to Christian concepts, provides an educational setting that makes the adventure of individual discovery an experience of far reaching consequence in determining a way of life.

ACCREDITATION

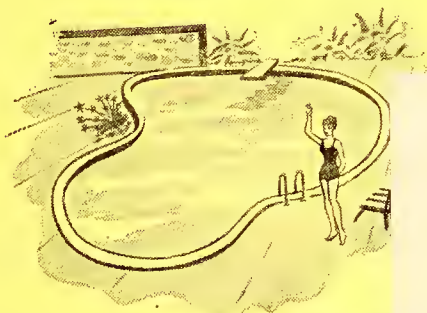

Brevard College is accredited by The Southern Association of Colleges and Secondary Schools, The University Senate of The Methodist Church, The North Carolina State Department of Education and The University of North Carolina. The College is a Member of North Carolina College Conference, American Association of Junior Colleges, and the North Carolina Council of Church Related Colleges.

ADMISSION REQUIREMENTS

Students are admitted upon the following basis:
Graduation from an accredited high school with a grade average of not less than "C" in college preparatory courses where the passing grade is "D"; class rank, and a satisfactory score on the Scholastic Aptitude Test of College Entrance Examination Board.

United States Code Annotated

WILLFUL INFRINGEMENT FOR PROFIT—Any person who willfully and for profit shall infringe any copyright secured by this title, or who shall knowingly and willfully aid or abet such infringement, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by imprisonment for not exceeding one year or by a fine of not less than \$100 nor more than \$1,000, or both, in the discretion of the court.

PUBLISHERS NOTE

The information in this Directory is gathered by an actual canvass and is compiled in a way to insure maximum accuracy.

The publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors or omissions, hence no responsibility for same can be or is assumed.

The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the Directory.

HILL DIRECTORY COMPANY, Publishers

INTRODUCTION

and GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories, present to subscribers and the general public, this, the 1962 edition of the Brevard City Directory, which also includes Forest Hills, Fortune Cove, North Brevard, Pisgah Forest and Rural Route Residents.

This is the first Hill Directory of Brevard and is completely standardized according to the policies and practices of the Association of North American Directory Publishers.

Confidence in the growth of Brevard's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Brevard to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Brevard Directory will fulfill its mission as a source of authentic information pertaining to the community.

Five Major Departments

The five major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department, printed on goldenrod paper, and contains the advertisements of leading manufacturing, business and professional interests of Brevard. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Brevard, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

II. THE CLASSIFIED BUSINESS DIRECTORY is the second major department, printed on canary paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such, it plays an important part in the daily activities of the commercial, industrial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

805159

III. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the third major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Brevard, and the name, official personnel, nature and address of each firm and corporation in the community.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the fourth major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

V. THE NUMERICAL TELEPHONE DIRECTORY is the fifth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Brevard and vicinity. There are more than 1,000 of these Directory Libraries, installed and maintained in cities and towns throughout the U. S., Canada and Puerto Rico through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated and of which Hill Directory Company is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY COMPANY,
Publishers.

BREVARD

"BEAUTIFUL BREVARD"

Statistical Review

(Courtesy of Brevard Chamber of Commerce)

Form of Government—Town-Manager, Alderman. Incorporated as a village 1867.

Population—1960 U. S. Census 4,857; local estimate at present 5,000.

Area—1.80 square miles.

Altitude—2,230 feet above sea level.

Climate—Mean annual temperature 56 degrees F. Average annual rainfall 63 inches.

Parks—1, with total acreage of 30, valued at \$50,000.

Assessed Valuation—\$6,000,000 with \$1.45 per \$100 tax rate.

Bonded Debt—\$556,000.

Financial Data—1 bank with total resources of \$144,149,000; 1 savings and loan association.

Postal Receipts—\$75,413.97 for year ended 1961.

Telephones in Service—1,370.

Churches—14, representing 10 denominations.

Industry—Chief industry of the city and surrounding territory is manufacturing. Principal manufactured products featured are fine paper, cellophane, silicon and textiles.

Newspapers—1 Weekly.

Radio Broadcasting Stations—WPNF.

Railroads—City served by 1 railroad, as follows: Southern Railway.

Bus Lines—City served by independent bus line from Hendersonville and Asheville, North Carolina.

Highways—The following highways run through, or to, the city: U. S. 276 and 64, State 280.

Automobile Registration—1,450.

Amusements—Number of golf courses in, or near city 1.

Hospitals—1, with total of 43 beds.

Education—Number of public schools 11; with 2 senior high schools, and 1 junior high school. Number of pupils in public schools 4,026. Number of teachers in public schools 150. Value of school property, \$2,877,000.

Public Libraries—1 main library and 1 branch.

City Statistics—Total street mileage 15, with 12 miles paved and .5 miles under construction. Miles of sewers (storm and sanitary) 15. Number of water meters 1,450. Capacity of water works (municipal or private) 3 million gallons, with daily average pumpage of 1.3 million gallons, 14 miles of mains, and plant valued at \$900,000. Fire Department has 1 station and 3 pieces of motor equipment. Value of fire department real estate and equipment, \$75,000. Police department has 8 men, with 1 station and 3 pieces of motor equipment.

BREVARD, NORTH CAROLINA

Population 1960 Census 4,857

General History

Brevard was created especially to be the seat of government of Transylvania county. The county was organized in 1861 and one of the first actions of the county court in that year was a decision to locate a site for the town where the court house was to be erected. A survey was ordered, lots were laid out, and the center of the town was placed at the crossing of the two principal streets. At one corner of the crossing the court house site was staked off. The two streets, each wider than ordinary for that time, were named Broad Street and Main Street. They were then and have since continued to be the center of the town's business community. The town was not immediately incorporated for the reason that it had only seven residents. It was 1867 before the incorporation was accomplished.

Aerial View of Brevard

In the early years, Brevard was important chiefly because of the county court house. The largest church in the vicinity was three miles away, in the settlement called Davidson's River, and there were busy country stores and grist mills elsewhere in the county equally important to Brevard's biggest and best. One of the principal places of commerce in the county in that time was known as the Valley store. It was two miles north of Brevard. Its proprietor was Braxton C. Lankford, and it was in that store that the county court ordered Brevard into existence. The court house did not make Brevard a great magnet. In all but one direction the mountains and foothills were a barrier to travel. The only open way was in the direction of Hendersonville, and from that town, in 1895, the first regular outlet for heavy freight was laid down. That was the railroad,

largely a local undertaking, which was later extended as far as Lake Toxaway. The railroad was a stimulant to lumbering and logging, which became the first industry in this region. In time industry was to far outstrip both lumbering and farming in the county as sources of employment for the wage earners of Brevard and the county at large.

The first manufacturing plant on the modern scale was established near Brevard in 1939. It was the Ecusta Paper Corporation, later to become part of the multi-million dollar Olin Mathieson Chemical Corporation. Today Olin employs some 3,000 persons whose annual pay exceeds 12 million dollars. Next in industrial importance to Brevard and its environs is the DuPont plant in Buck Forest, which employs over 200 people and is (1962) expanding its plant and work force. Prior to the founding of Ecusta and DuPont the principal places of employment in the town and the county were the various small sawmills and later the lumber, tanning and extract plants located in Rosman, Brevard and Pisgah Forest. Important parts of those operations were the Silversteen Industries, the first of which was launched in 1901, and the Carr Lumber Company, whose mills in Pisgah Forest were opened in 1913. In the Silversteen and Carr mills began the off-farm occupations which have, since the 1930s transformed Brevard from a lack-lustre mountain town, having a population of less than 2,000 to its present condition of a thriving trading and cultural center of a prosperous town and country community. More than half of the employees of Olin and DuPont live in rural home or on small farms in the French Broad Valley. Brevard's stores, shops, service and professional establishments are in large measure engaged in providing consumer services for the rural dwellers who combine factory work with part-time farming. Inside Brevard's town limits (population 1960 4,857) and in the adjacent rural environs are the homes of some 10,000 people. The estimated town population of Brevard in 1962 was in excess of 5,000.

Brevard is governed by a mayor and board of 5 aldermen. In 1959, by vote of the citizens, a city manager plan was adopted. The town has a highly-rated volunteer fire department, a trained and well-disciplined police department, and a public service engaged in garbage collecting, sewage disposal, street and light maintenance, and water supply for residential and commercial use. The total public debt is (1962) \$575,000 and the tax rate is \$1.45 per \$100 based on a 30 per cent valuation.

Notable cultural influence in the Brevard community are 14 churches, an outstanding Junior college, an energetic amateur theatre, a summer institution called the Brevard Music Center conducting a 6-weeks camping season for girls and boys interested in music and a season of professional musical performances, a public library that is widely used by the general populace. In church architecture Brevard has an impressive display in the buildings of the Baptist, Catholic, Episcopal, Lutheran, Methodist and Presbyterian congregations. The Baptist, Methodist and Presbyterian have very expansive new structures embracing space for Sunday School classes, pastoral studies and choirs. The Lutheran Church of the Good Shepherd has an ultra modern, strictly functional building and the Catholic and Episcopal structures are in the traditional style.

Brevard College is a junior institution supported by the Methodist denomination. It is one of the top schools of its classification and performs an unmatched service in the Brevard community and in a broader region as well. It has an enrollment of over 400 with an excellent faculty. Its physical plant and campus are valued at 2½ million dollars, easily the most graceful note in the entire Brevard landscape. The Brevard public schools are part of the county's two school districts. The high school was completed in 1959 and represents an outlay approximating 1 million dollars. It is in a spacious campus-style location. The town has a junior high school and elementary school.

The community has many clubs and organizations in the social, literary and cultural fields. There are six garden clubs and three music appreciation clubs, a book study club, a branch of the League of Women Voters, a chapter of the Business and Professional Women and a Lions, a Rotary, and a Kiwanis club. Also among Brevard's notable institutions are its hospital, its newspaper and its radio station—WPNF. The hospital has 43 beds and a well-equipped laboratory and surgery. It is managed by a professional administrator. The Transylvania Times is a weekly publication, founded by the late Ed M. Anderson, and his brother John I. Anderson, the present editor, the Times has been elevated to national recognition. The newspaper is notable for its broad community coverage of local events, its editorial courage, its independence of action, and its able photography. It has been awarded citations of excellence in judging which was on national and state levels.

In the catalog of attractions Brevard residents and visitors rate the town's location as a foremost advantage. The altitude of 2230 feet provides a tempering of the summer sun. That and the scenic beauty of the Blue Ridge make Brevard and its surroundings a popular location for summer homes and a haven for the tourist. The town is near the famous fishing streams of Pisgah National Forest and the picnic and camping ground of high mountain slopes. Within a short drive home folk and visitors can reach the recreation areas in the National Forest including Davidson River, White Pine and the Pink Beds. Highways 276 and 64 pass through Brevard and the Blue Ridge Parkway now nearing completion is accessible from Brevard at Wagon Road Gap, near Mt. Pisgah.

The town and its vicinity have late-type motels, family type hotels, several boarding houses and in the area are 17 summer camps for boys, girls and adults. The town has a branch of The First Union National Bank of North Carolina and a Federal Savings and Loan Association. In the town are retail stores, laundries, cleaning places, gasoline and automotive service stations, automobile dealers, a feed mill, farm supply stores, plumbing, heating and electrical contractors.

Prepared by the Advertising Committee of Brevard Chamber of Commerce.

PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

"r"—RESIDENT

"h"—HOUSEHOLDER

"r" AND "h"

Two important symbols are used in your City Directory. The symbol "r." before an address stands for "Resident." That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

Out of Sight • Out of Mind

★ Out of Business ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.
Insist on being well represented in its pages.

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

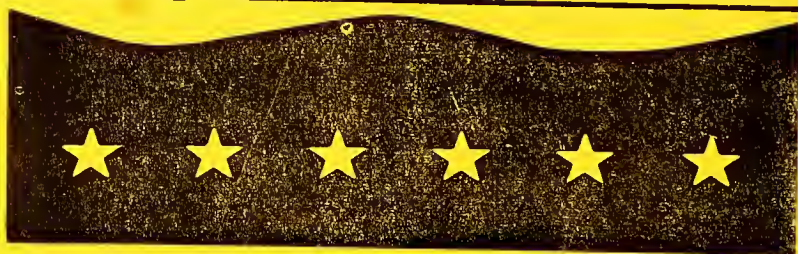

1 An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A "Yellow Section" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5 A *Statistical and Historical Story* of your city; plus miscellaneous other information.

*You save more than money

MR. CITIZEN!

CORRECT INFORMATION IS VALUABLE TO YOU!

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. Your name, listed correctly in the City Directory, is a great asset. This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

CASHIERS! TELLERS! CLERKS!

*Do your employers furnish you with the
latest edition of the City Directory?*

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in heavy type denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address, other members of the family and roomers are indicated by r preceding the street address.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

BREVARD**COLLEGE**

HILL'S BREVARD

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

Including Forest Hills, Fortune Cove, North Brevard and Pisgah Forest

1962

Copyright, 1962, by Hill Directory Company

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)
